Quaint house built in 1923 on good sized lot with lots of potential. Detached 2-car garage is extra-large with storage area and workbench. Small workshop/shed in back offers extra space for storage or hobbies. Plenty of room to garden. House features classic wood floors and has had some updating done over the years. It does need updating and repair, but offers so much in return. Just a half mile to Railroad Square and the SMART Train, close to restaurants, shopping, and Olive Park, this really is a sweet place to call home.
